Glossary

Page 1 of 2

- **ACT:** ACT, previously known as the American College Testing program, measures educational development and readiness to pursue college-level coursework in English, mathematics, natural science, and social studies. Student performance does not reflect innate ability and is influenced by a student's educational preparedness (IPEDS).
- **Cincinnati Metro Region:** The Cincinnati metropolitan area, informally known as Greater Cincinnati, is a metropolitan area that includes counties in the U.S. states of Ohio, Kentucky, and Indiana around the Ohio city of Cincinnati (Census Bureau).
- **College Credit Plus (CCP):** The College Credit Plus Program (CCP) allows Ohio residents in grade 7-12 to earn college and high school credit at the same time by taking college courses from community colleges or universities (Ohio Department of Higher Education). Students are permitted to register for nonsectarian, non-remedial courses for high school and/or college credit (University of Cincinnati).
- **Co-operative Education (Co-op):** Co-op is an educational model in which students alternate traditional academic semesters with semesters spent working full-time in their chosen field. This unique college program originated at UC in 1906 (University of Cincinnati).
- **Distance Learning Programs:** Distance learning programs are identified as programs in which credits are earned either wholly or largely online and have a distance learning fee associated with them (University of Cincinnati).
- **Entry State/County:** The state/county of residence provided by student upon entry to the university (University of Cincinnati).
- **First-Generation Student:** Based on parental education level. If neither of the student's parents or legal guardians completed a bachelor's degree, the student is defined as first-generation (University of Cincinnati).
- **First-Time Degree-Seeking Student:** A student who has no prior postsecondary experience (except college credits earned before high-school graduation) attending any institution for the first time at the undergraduate level and who are enrolled in courses for credit seeking a degree, certificate, or other formal award. Also includes students enrolled in the fall term who attended college for the first time in the prior summer term and students who entered with advanced standing (IPEDS).
- **Full-Time Equivalent (FTE):** The full-time equivalent (FTE) of students is a single value providing a meaningful combination of full-time and part-time students (IPEDS). FTE is calculated by taking the number of credit hours a student is taking and dividing that by 15, except MD students, where each student equals 1 FTE.
- **Graduation Rates:** Graduation rates are calculated by the number of the first-time, full-time, degree-seeking students who complete their degree in 150% of the allotted time. For a bachelors degree, 150% of the time is six years. For associates degrees, 150% of the time is three years. Students may be removed from the graduation rate calculation if they left the institution prior to earning a degree for one of the following reasons: death or total and permanent disability; services in the armed forces (including those called to active duty); service with a foreign aid service of the federal government, such as the Peace Corps; or service on official church missions (IPEDS).
- **In-State/Out-of-State:** In-State/Out-of-State residency is determined by the student's fee basis. Students who pay an Ohio tuition rate are classified as in-state. Any other student, including students who pay the metro rate or the full out-of-state tuition, are classified as out-of-state (University of Cincinnati).
- **International Students/Nonresident Alien:** International students are defined as "nonresident aliens" by immigration status. Nonresident aliens are people who are not a citizen or national of the United States and who are in this country on a visa or temporary basis and do not have the right to remain indefinitely (IPEDS).

Glossary

Page 2 of 2

- **Load Level:** IR adds up the credit hours for students with more than one career, and bases the classification for part-time/full-time on the following rules. A student's part-time or full-time status based on his/her career (see below; University of Cincinnati).
Undergraduate: Part-Time = 1-11 credit hours, Full-Time = 12+ credit hours, Study Abroad and Co-op/LPE (Lindner Professional Experience) Students count as Full-Time
Graduate and Law (JD): Part-Time = 1-9 credit hours, Full-Time = 10+ credit hours
Professional (MD): classified as Full-Time
- **Pell-Eligible:** Undergraduate students are eligible to receive a Federal Pell Grant if they have not earned a bachelor's or a professional degree and demonstrate financial need. Pell grants are used to help these students meet their education expenses (US Department of Education).
- **Permanent Address Type:** The permanent address, including state/county of residence, on file for the student. Updateable by students.
- **Retention Rates:** A measure of the rate at which students persist in their educational program at an institution, expressed as a percentage. At UC, this is the percentage of first-time bachelors degree-seeking undergraduates from the previous fall who are again enrolled in the current fall (IPEDS).
- **SAT:** Previously known as the Scholastic Aptitude Test, this is an examination administered by the Educational Testing Service (ETS) and used to predict the facility with which an individual will progress in learning college-level academic subjects (IPEDS).
- **STRIVE and STRIVE Schools:** STRIVE is a cooperative effort between local schools, businesses, non-profits, and civic organizations in the region to improve the educational system from preschool through college. STRIVE schools include Cincinnati Public Schools, Covington and Newport Independent School Districts, and Urban Cincinnati Archdiocesan Schools (Cincinnati Public Schools [CPS]).
- **Transfer Student:** A student entering the reporting institution for the first time but known to have previously attended a postsecondary institution at the same level (e.g., undergraduate, graduate). This includes new students enrolled in the fall term who transferred into the institution the prior summer term. The student may transfer with or without credit (IPEDS). UC identifies transfer students based on application type.
- **Transition Students:** Transition students are identified as students who were enrolled in a UC Blue Ash or UC Clermont primary program in the fall, spring, or summer semesters immediately prior to enrolling in a UC Clifton primary program in the fall semester of the selected year (University of Cincinnati).

Notes:

- IPEDS graduation time is 150% of the time it takes to complete a degree. For associate degrees and certificates that is three years, for baccalaureate degrees that is six years.

- IPEDS counts baccalaureate degree-seeking students as graduates if they complete a bachelor's degree in six years, an associate degree or certificate in three years, or go on to enroll in a PharmD program without
