Credit Evaluation Center

The Credit Evaluation Center evaluates how your credits from other institutions translate to credit at the University of Cincinnati. While the center evaluates your overall credit, the University of Cincinnati college which offers the program will determine how accepted credits are applied toward degree requirements.

We look forward to fairly and consistently awarding the credit you have earned and to helping you succeed at the University of Cincinnati.

Advanced Placement (AP)

The State of Ohio, working through the University System of Ohio, has initiated policies to facilitate the ease of transition from high school to college as well as between and among Ohio's Public colleges and universities. These policies mandate the following:

1. Students obtaining an Advanced Placement (AP) exam score of **3** or above will be awarded the aligned course(s) and credits for the AP exam area(s) successfully completed.
2. General Education courses and credits received will be applied towards graduation and will satisfy a general education requirement if the course(s) to which the AP area is equivalent fulfill a requirement.
3. If an equivalent course is not available for the AP exam area completed, elective or area credit will be awarded in the appropriate academic discipline and will be applied towards graduation where such elective credit options exist within the academic major.
4. Additional courses or credits may be available when a score of 4 or 5 is obtained. Award of credit for higher score values varies depending on the institution and academic discipline.
5. In academic disciplines containing highly dependent sequences (Sciences, Technology, Engineering and Mathematics –STEM) students are strongly advised to confer with the college/university advising staff to ensure they have the appropriate foundation to be successful in advanced coursework within the sequence.

International Baccalaureate (IB)

The International Baccalaureate Diploma Program (IBDP) is designed for high school students, ages sixteen to nineteen. IB schools have been established around the world to educate students with a global perspective. Students who complete all of the requirements will receive an IB diploma. Those who do not complete all requirements may receive an IB certificate. For more information, please visit the [IB website](#).

How is IB credit awarded at the University of Cincinnati?

In collaboration with UC faculty members who teach the subjects covered by the IB, the Credit Evaluation Center has developed a key to awarding credit for this work.

Students must receive a **score of 5 or higher** in order to receive credit. [Please refer to the IB key as a transfer guide for what credits are awarded.](#)

The College-Level Examination Program (CLEP)

The College-Level Examination Program (CLEP) gives students the opportunity to demonstrate prior learning and to earn credit for that knowledge by earning qualifying scores on any of the 34 CLEP examinations. The Testing Services Department at the University of Cincinnati offers all 34 CLEP tests (with the exception of the optional essays) in our proctored testing computer lab. [Descriptions of all 34 exams are provided by CollegeBoard.](#)

How is CLEP credit awarded at the University of Cincinnati?

UC awards some kind of credit for most CLEP exams. However, it is best to speak with your advisor before taking an exam to find out exactly how CLEP credits will apply to your degree program. The University of Cincinnati has identified a list of CLEP exams that will be accepted for credit, along with the minimum score required to receive that credit. Scores falling below the minimum will not be considered.

If you are a veteran or other military personnel, [visit CollegeBoard for important information on CLEP testing.](#)

Military Credit

Thank you for your military service!

Military credit, as reported on a military transcript, is accepted at UC.

If you have earned military credit, you should contact the appropriate registry and have your official transcripts sent to Cincinnati.

Once your military courses are evaluated, we will send you a Credit Evaluation Report showing the Cincinnati equivalent courses and credit hours that transfer to the university. Decisions about how your credits apply to specific academic programs are made by the college or department that offers your major.
