| • Project Management                  | • Systems Implementation              | • User Training & Support              |

## PROFESSIONAL EXPERIENCE

Sizemore Corporation- Scarsdale, NY

2005 - 2006

### Intern

Developed and maintained corporate intranet websites. Designed and created online marketing collateral, as well as online applications, and blogs. Supported employee needs by setting up websites, creating user accounts, training on the use of intranet applications, and troubleshooting through helpdesk inquiries.

#### *Selected Projects:*

- Migrated static content to a Content Management System.
- Utilized PHP, Javascript, HTML, CSS and MSSQL to create online applications.
- Successfully designed and developed Eventtracking System to track and manage events for CEO. System encompassed all preparation steps, generated automatic contact to responsible persons, maintained status of necessary preparation steps, and provided reminder and overview emails.
- Updated the Siemens Foundation Website, a Leaders Forum and the Siemens USA Internet and Intranet.
- Liaised with departmental representatives to improve website appearance.

IMF – Munich, Germany

2002 – 2003

### Intern

Completed internship concurrent with education in software engineering department at IMF in
