PROFESSIONAL EXPERIENCE

Phlebotomist, ABC Hospital (Sometown, CA), 2011 to Present

- Obtain blood samples for medical testing and transfusion through venipuncture or capillary puncture.
- Follow infection-control and safety procedures in carrying out daily phlebotomy functions.
- Prepare blood-collecting equipment, draw blood, and safely store and transport samples.
- Build trust and minimize patient discomfort during phlebotomy procedures while efficiently collecting blood specimens.

Phlebotomist, DEF Organization (Sometown, CA), 2007 to 2011

- Performed phlebotomy functions within blood donor center as well as mobile blood-bank units.
- Eased donors' stress and made the experience as comfortable as possible, which attracted a steady stream of repeat donors.
- Honored as a member of mobile team that collected 25,000+ units of lifesaving blood, setting a new record for DEF Organization.
